

RANGER

Sunliner Motorhomes

A true explorer

A perfect solo explorer vehicle. The Sunliner Ranger has been developed with a pioneering spirit in mind. It is a vehicle that can easily drive through city streets and park in suburban driveways, but when you need it you can head to the bush and really get off the grid.

The Sunliner Ranger is fully self-contained, with bathroom, kitchen and sleeping facilities on board; the comforts of home are always with you. If you want to be lakeside, chasing the surf or exploring the outback, the Sunliner Ranger gives you the freedom to take you where your passions lead you.

Small enough to go places others can't

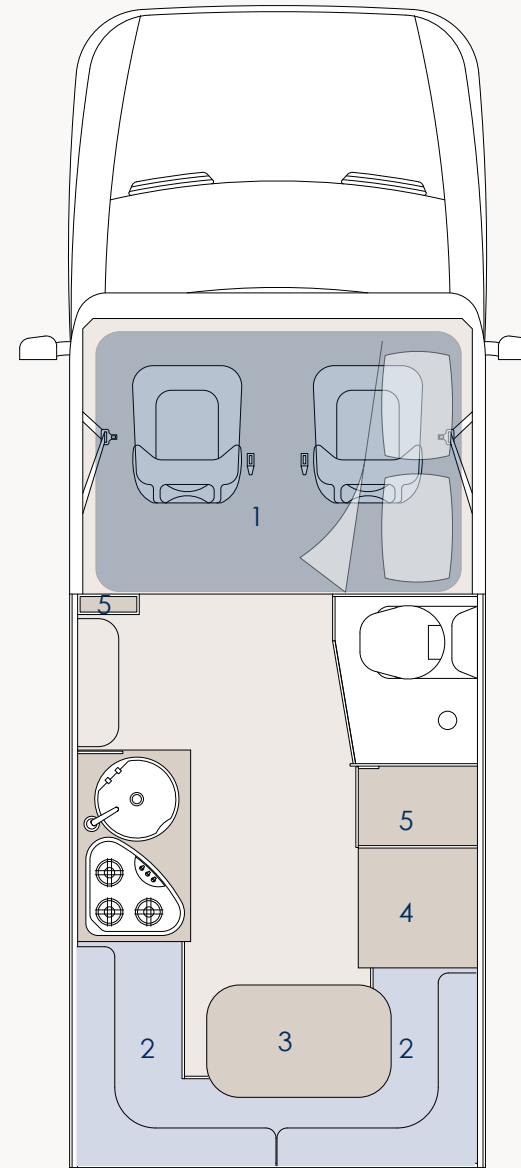

Based on the highly acclaimed Ford Ranger this motorhome can be built on a choice of 2WD Turbo Diesel Auto or 4WD 3.2Ltr chassis.

The Sunliner Ranger comes in two build options tailored to the type of travel you are planning. The first option is the more conventional, with a 3-way fridge, gas cook top and hot water service and optional roof top air-conditioning and heating. The second is a gas free option, with a 2-way refrigerator, diesel heater and hot water service and diesel cook top.

The Sunliner Ranger is built to be tough and includes a one-piece fibreglass peak, Sunliner's ThermoTough walls, fibreglass side skirts, bumper, wheel arches and rear spoiler. For extra protection the underside of the floor is also sealed.

WHAT SETS US APART

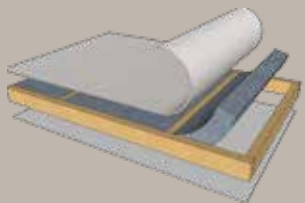

DuraRoof™

Strong enough to Party On

Sunliner's DuraRoof has been precision engineered to provide superior structural strength.

- Fully insulated bonded core.
- Reinforced timber structure combined with compressed Duplo Foam.

ThermoTough™ Wall

The Toughest Walls on the Market

Sunliner's ThermoTough wall is a revolutionary design encompassing strength, durability and weight reducing properties.

- Lightweight european technology.
- One piece wall. No joins. No gaps. Equals greater strength.
- Popular cross ply/Duplo Foam core provides extremely strong panel with a high impact rating.

- Most repairs can be localised without replacing the whole wall.
- All materials used in the process have similar expansion rates.
- Walls can be screwed into at any point. No studs or fixing points necessary.
- Walls R rating is equivalent to those found in extreme alpine areas.

PERSONALISE YOUR JOURNEY...

CAMPERVANS

The Sunliner Campervan range includes the entry level Vida range and the more highly specified Rialta. Both ranges include the pop-top and full bodied vans with a choice of chassis.

RANGER

Available in 2x4 or 4x4, with Diesel or Gas appliances; you now have the freedom to go almost anywhere.

PINTO

Offering electric drop-down bed and island bed layouts, this range encompasses the best of a touring van in a compact stylish package.

SWITCH

The Switch is the entry point to Sunliner's mid size motorhome range. Simple and sophisticated the Switch is well equipped and modern; making the motorhoming lifestyle easy.

HABITAT

A long-range multi-terrain touring RV designed for the serious freedom chasing traveler. Packed with features to allow travellers, to further and stay longer.

NAVIAN

The Sunliner Navian is a series of premium RVs. Designed to provide the widest choice of layouts, chassis, peaks and style, to enable personalisation, The Navian series offers drop down beds, slides out walls and everything in between.

MONTE CARLO

The Flagship of the Sunliner range, the Monte Carlo is in a class of its own. The finest trims, leather upholstery, curved cabinetry and feature lighting create a space that is the pinnacle of luxury.

Please note that some layouts may not accommodate the standard items listed in this brochure. The closest alternative will be fitted. All capacities, weights and measurements listed are approximates. All specifications and options on this brochure may be changed at any given time according to availability and supply. Floor plans are dependent on chassis type and dimensions may change depending on base chassis. Images shown may not depict the actual model or may contain items not standard or available with specific model. It is the customer's responsibility to ensure that the vehicle purchased is suited to their needs. This brochure may not be relevant to dealer stock units purchased or second-hand units. This brochure should be used as a guide only.
